Risk Assessment: Risks due to Covid-19		

Description of the activity, equipment or area under assessment:

Sailing out of Plymouth for week-long summer trips. This document should be read in conjunction with the CUYC COVID-19 Regulations, which detail our mitigation measures in full and will be updated frequently with changing RYA/government guidance. See [here](#) for further specific information detailing risk mitigation for yacht sailing and [here](#) for general RYA roadmap.

Significant hazards	What could go wrong	Risk level (High, Medium or Low)	Existing control measures	Further actions
Droplet transmission via breathing/speech	COVID-19 transmission	Low with mitigation measures	-Most activity is outside, club COVID Regulations document details procedures in place for situations where participants will be in enclosed in Cabin - Participants will form a single household for the week of the trip and will have been tested before arriving to make sure no risk of infection.	The club regulations will continue to comply with government/RYA guidelines
Fomite transmission via common surfaces	COVID-19 transmission	Low with mitigation measures	- Participants will form a single household for the week of the trip and will have been tested before arriving to make sure no risk of infection. -Boats will be disinfected after use, and regular hand washing encouraged - Keeping sanitizer on the yacht	Skipper will ensure there is sanitizer brought on the yacht before a trip
Club members with COVID-19	COVID-19 transmission	Medium	-All club members will be required to provide evidence of a negative covid test before travelling and to provide a second negative lateral flow test upon arrival.	None
Underlying health conditions	COVID-19 transmission	Medium-High depending on risk level of specific individuals	-Club will ask members to voluntarily disclose whether they have any underlying health conditions, and the club will liaise with individuals who may be high risk to implement extra safety measures if needed -Individuals should follow the advice of Public Health England, their doctor, and their college when deciding whether to come sailing	None

EMERGENCY PROCEDURES

Action to be taken in case of reasonably foreseeable emergencies (e.g. overheating, loss of electricity, flooding): - N/A
